C. Machabæo. Alp:

 Xere MUSA tuas festino carmine vires
Si quid adhuc venæ fertilioris habes.
Exere, ne tacito solennj tempore plectro
Officium quisquam te posuisse putet.
En tuus auspicijs votisque fauentibus intrat
GRVBBIVS optatj federa castathorj.
GRVBBIVS antiquæ maiorum Gloria stirpis.
Exuperans animi nobilitate genus.
Cuj merita in patriam pepererunt plurima nomen,
Sen Martis spectes tempora, siue togæ:
Cuj multum debent parnassi collis alumne
Cui totam debes te mea Musa viro
Si quod inest igitur desuetæ carmen auenæ
Facundi quicquam siue furoris inest:
Seruiat ornandis tædis thalamoq; ingali,
Et castos cumulet laudibus omne thoros.

Si

Si mea Florerent solito Mens venaq; cultu,
Curaret nostros turba nouena lares :
Vt quondam fuimus doctarum cura sororum
Quas fouet in placido Virgo Britanna sinu :
Aut cum Ruttenas primum transiuimus oras
(Ingenij heu pestem, perniciemq; mej)
Pulsarem teretj sublimia sydera versu
Et facerem meritis, officioq; satis.
Sed quia fracta iacet grauibus mens obruta curis
Ingenijq; acies exhebetata stupet
Et me fontis aquæ pimplej, Vosq; sorores
Aoniæ, scythica deseruistis humo :
Non potis est celsis asurgere Vena cothurnis,
Sed pressum lenté fertq; refertq; gradum.
Sic penetrans alis pernicipibus Ardea nubes
Subiectum pedibus despicit inde solum.
At si remigium fuerit compagine rupta
Luxatum, riuos stagnaq; parua colit.

Ergo tonent alij calamo maiora sonoro
Quæis Dea pegaseo flumine labra rigat.
Et donent aurj radiantis pondera Dites
Quos Fortuna suo numine cæca beat :
Nos humilj vernans donamus Carmine Sertum,
Quod sponsis viridj cingat honore caput.
Hoc reduces Musæ tenues, sed & arte carentes
Conficient, Charites, Chloris & alma VENUS.

Dumq; legent Nymphæ redolentia stemmata; iunget
 AGLAI Aipsa sua stemmata lecta manu:
 Consortiq; dabit consortis nominis vsu
 Omina leta, HILARIS Sors vt vtrumq; beet.
 Altera suffundet spirantes Balsama rores
 Aurea præbebit tertia, fila, soror.

I decus auspicijs repetas noua pacta secundis
 Virtutum celebrj sponse reuincte choro.
 Nam quæcunq; solent Diuos extollere Dotes
 Aut nos cum summis æquiparare Deis:
 In te cuncta simul vernant, ceu fertilis aruo
 A; solet exculto luxuriare seges.
 Ergo tuum fædus Numen cæleste probabit
 Et fortunato iunget vt ante thoro.

Sponsa decus formæ castorum Gloria morum
 Quæ sortem & faustæ nomina SORTIS habes.
 Quam pater illustrat toto clarissimus orbe
 Nobile cuius virtus æquat Auita genus.
 Quam Mater veterj BRAHORVM stripe BEATA
 Edidit, vt tanto sis mage digna viro.
 I precor & fidej sinceræ vincula necte,
 Vincula non vlllo dissoluenda die.
 Pergite Pierides, vernantia munera frondis
 Carpere cum teneris lilia cana rosis.

Nam Dea florentj circumuestita decore
Præbebit varias optima CHLORIS opes.
Et iam festa vocat solennes buccina sponfos
Soluite tardantes numina sacra moras.

CHLORIS.

En patet noster foribus reclusis
Hortus, & stirpes varij coloris
Quicquid & visu cerebroq; gratum est
Protinus offert.

Vos chorj Nymphæ celebres nouenj
Fontis æterna salientis vnda
Montis æterno viridantis æstu
Cura decusq; :

Qui placent terso frutices palato
Præda sint vestris manibus reuulsi,
Præda quæ sponfis veneranda castis
Tempora cingat.

GRATIÆ dulces, animj reuinctæ
Vinculis, lætæ, sobriæ, carentes
Felle, flagrantem folijs coronam
Nectite crispis.

Ipsa vernantem tribuo: MELISSAM
Cordis affectj medicamen: optans
Vt tibi sponso verecunda fiat
Virgo MELISSA.
CLEIO.

CLEIO.

*Acris venenum dissipat
 RUTA hæc coronæ quam sacro,
 His exulet longè thoris
 Mentis venenum perfidæ,
 Quod lior vrens euomit
 Quod lingua turpis concitat
 Quod suspicax Pectus fouet
 Auget quod & Discordia.*

MELPOMENE.

*Spirantis NARDI Charites adiungite florem
 Inter virentes principem.
 Qui validè grato perfundat odore Cerebum
 Stringens meatus pectoris:
 Sic caleant parily tacitæ feruore medullæ,
 Sponsis sacer quem spiritus
 Immittet, nexuq; liget pia corda sereno
 Flammis Amorem nutriens.*

THALIA.

*Est MYRTVS veneri dicata puræ
 Castis coniugibus sacra & Poetis.
 Hanc Vati, Venerj, Thoris sacratam
 Iungendam reliquæ fero coronæ.*

Et fugiant quicquid contractum frangere fædus

TERPSICHORE.

*Agro LIBANOTIS amæno

Hæc perpetuo velut æuo
Vernat, gelidisue procellis
Niue nec marcescit aquosa:
Lectj quoq; non temeratj
Proles diu honesta vigebit
Genuit quam casta propago.*

CALLIOPE.

*Nil pulchrius cultis videtur nascier
In hortis nitida ROSA.
Nil pulchrius culta videtur virgine
Sponsa, virgineo in choro.
Ergo ROSAS has destitutas spinulis
Vestris addite floribus.*

*Vt S E R I S florem teretem recludit
 Cum redux cælo nitidum refundit
 Lumen, & terras celerj quadriga
 Lustrat obscuras, radijs penetrans
 Cuncta fœcundis, refouensq; diuo

*Tecta sit coniunx alijs honesta:

LOTON crocj filis parem

Vt mella spirent oscula
Vt mella fundant guttura,
Vt aureo Mentis croco
Castj pudoris splendeant.

VOTVM.

Qui thalamos primum sanxistj CHRISTE iugales
Exosus turpes & sine lege thoros.
Et celebri castos exornas munere sponsos
Ex lymphæ reddens dulce liquore merum.
Deseris & nunquam vel spreta mapalia : sanctam
Coniugij seruant quæ sine fraude fidem. Quin

Quin cumulos rerum tribuis, quin copia diti
 His est diuina concumulata manu.
 Et sobolem veluti raram pregnantis oliuæ
 Auges fœcunda fertilitate piam.
 Et vigili vallas circumducisq; cohorte
 Impia quos fœdat nulla libido focos.
 Et cælo socias completo munere vitæ
 Candida que puro colla dedere iugo.
 His precor his adsis fœlici numine sponsis
 Prosper & inuentum tu rege **CHRISTE** tuam,
 Quasq; cruces hæc sancta feret coniunctio secum
 (Namq; caret rarò vita pudica cruce)
 Has (uelut insipidas argentis fluminis vndas)
 Transmuta vt referant lene sapore merum.
 Et tua perfundat castam benedictio mensam
 Qua sine nec Crasi Gaza perennis erit.
 Et tua sinceræ seruet protectio Mentis,
 Prompta sumus Stygio, qua sine, præda Ducj.
 Ast vbi posteritas his creuit longa nepotum
 Post patris tulerint ordine nomen auj :
 Lætæq; maturam sensit Fortuna senectam,
 Aeternæ capiant Gaudia Sortis Amen.
